, Continuation Sheet (PTO-303) 009/617,545

Continuation of 2. NOTE: Claims 11 and 12 raise issue under 35 USC 112, 2nd paragraph, because of "a DNA" in line 3 of claim 11 and dependency on claim 1 of claim 12. New claims 20-23 also raise issues under 35 USC 112, 2nd paragraph, because it is unclear if the DNA encodes a dhh protein and the recited amino acid sequence or if the dhh has the recited sequence, and a DNA cannot encode a complementary sequence.

Continuation of 5. does NOT place the application in condition for allowance because: The claims as amended (20-23 and dependent claims) raise issues under 35 USC 112, second paragraph. Also, as stated in the previous Office action on page 4, lines 8-17, SEQ ID NO:1 and 4 are not enabled for how to use (claims 2, 20 and dependent claims). Applicants argue that the desert hedgehog protein of claim 20 has been allowed in the parent application; however, because the parent application is not currently available, that argument cannot be evaluated.
